

Cleaning and reconditioning used goods – a training programme with the motto: “Transforming old into new!”

Are hygiene, tidiness and cleanliness important to you? In the “Cleaning and preparation of used goods” qualification, you will learn how to clean used goods professionally and present them effectively. It’s more exciting than you think: Do you already know what the four-colour system is? Even then, you will have many an aha experience during this qualification! Sparked your interest?

What do you personally gain from this?

You will benefit from this qualification both professionally and privately. Anyone who has learnt to clean goods and salesrooms professionally and to present used furniture and household items tastefully will also gain more time and quality of life in their private environment. It’s clear that the newly acquired skills in

- cleaning agents and cleaning methods,
- sorting and pricing of household goods and
- the attractive presentation of household goods on the sales floor

are in demand in many stores!

How you can take part

Are you curious about this qualification? It’s best to speak directly to your job centre agent in Verden about this. If the programme suits you, your supervisor will register you directly and let you know what happens next.

The qualification measure “Cleaning and processing used goods” is suitable for the long-term unemployed and recipients of benefits under SGB II as well as for refugees with access to the labor market.
